

BLACK PEARL SEAFOODS®

ATLANTIC SCOTTISH SALMON

THE DIFFERENCE

PREMIUM QUALITY. EXCEPTIONAL TASTE.

Black Pearl Seafoods Scottish Salmon are distinguished by their naturally pure, clean flavor and buttery sweet fat. Sourced from the Shetland Islands and northern Scotland at the junction of the North Sea and the Atlantic Ocean, Black Pearl Scottish Salmon are raised in an ideal environment for sustainable fish farming. Black Pearl Seafoods products are exclusive to Superior Foods.

Environment

Sourced in the pristine waters of the Shetland Islands and northern Scotland. The highly oxygenated, deep waters, and active currents create ideal conditions for sustainable fish farming.

Traceable

Each fish can be traced from egg to farm to harvest. Any further processing is only done at Superior Foods in Grand Rapids, MI. This makes for 100% traceability for each Scottish salmon.

Salmon Feed

No use of antibiotics, therapeutic agents, or chemical support systems. 100% marine fish meal from sustainable sources, fish oil, and soybean meal. Our salmon are fed all natural products that help create healthy and vibrant fish.
