THE BEST MEAT IS PERFECTED WITH TRADITION

Michigan Turkey

takes pride in being owned by growers. Back in 1998, a group of 15 growers came together to establish Michigan Turkey Co-Op with the aim of bringing their turkeys to the local market. Presently, these growers not only serve on our board but also actively participate in the company's operations. Being locally owned enables us to readily adjust to evolving customer demands. Our mission is to cultivate, process, and distribute nutritious and delicious turkey products, ensuring a consistent, dependable, and value-added supply for both industrial foodservice and retail customers.
