

Introducing RIVER CITY MEATS Gourmet Burger Program

THE DIFFERENCE

Superior Flavor • Unmatched Quality

Our enhanced gourmet burger program now creates handcrafted, artisanal burgers that are precisely weighed and have a perfect texture. Through a low-pressure process, each burger is given a soft and airy composition, resulting in the most tender burger you can find. We exclusively select USDA Choice beef and above to guarantee our burgers deliver the ultimate flavor experience. The beef is sourced from Agri Beef, our US beef partner that prioritizes sustainability, animal welfare, social responsibility, and food safety.

Fresh

Elevate your burger game with our handcrafted burgers made fresh to order three times a week. You can count on every burger meeting our high freshness standards, delivering exceptional flavor in every burger that you serve.

Distinctive

No other burgers can compare to the excellence of ours. Every single patty boasts a Superior taste and the texture of a hand-formed burger, without the hassle and hard work that our competitors struggle to replicate.

Quality

Our unique mixing process, combined with our low-pressure patty production, ensures that each burger is formed to precise weights while preserving the meat's integrity. This ensures that each burger we produce maintains its high quality and consistency.
